

Guest Canvas

AN INTERACTIVE LIVE PAINTING EXPERIENCE
FOR YOUR GUESTS

COLLECTIONS

THE PALETTE DISTRICT

Q. What is a Guest Canvas?

A Guest canvas is uniquely a canvas designed for your guests to paint on at your wedding or event.

It is a live interactive concept which enhances your overall guest experience and deeply connects each one to your special day.

Your guest canvas is guided by a professional artist and together with your guests, we create a same day masterpiece for you to cherish for many happy years!

Art isn't complete until it's shared. - Seph Lawless

How it works...

You can choose from our 3 unique collections
Lady of Flowers, Custom or Abstract

The Design:

LADY OF FLOWERS
We arrange an initial consultation to discuss your vision and decide on colors to compliment your style & mood board. You also will choose if you want the ladies hair and dress design to match your own. (optional)
A professional artist will pre-paint the lady and base tone for the dress area.

CUSTOM COLLECTION
We arrange an initial consultation to discuss your vision and begin a conversation on a design for your canvas. You may be inspired by a special place - perhaps even where you were engaged! Your designed canvas could be a pet, your venue, or a lake scene- whatever will be meaningful as a special keepsake from your day. A second consultation may be needed to finalize details prior to your day.

ABSTRACT COLLECTION
We arrange an initial consultation to discuss your vision and decide on colors to compliment your style & mood board. This is truly free form art.. There are no limits! Having our professional & artistic guidance for your guests on your day will help generate a masterpiece inspired by your love.

The Day:

We arrive and connect with your planner/established day of point of contact & set up our painting area. We use washable acrylic paints and provide a drop cloth.
As your guests mingle, we invite them to add to your canvas and have a little fun while they paint.
We let them know how special their brush mark will be cherished for many years to come.
When it's time, we will find you, let you paint, snap a pic or two and pack everything up.
We will bring your painting safely back to our studio for any needed touch ups, varnishing and prepare for shipping/delivery.

At Home

Art evokes a feeling- much like an aroma can spur a memory.
All of your loved family & friends have made their mark on your canvas and every time you catch yourself staring at your painting, It will bring you right back to your day.

Guest Canvas
